

# In the summer

the weather in Greece is warm, dry and windy.  
Many forest fires occur.

- Don't burn litter, dry vegetation and twigs.
- Don't use open-air barbecues in forests or places close to dry vegetation.
- Don't throw lit cigarettes.
- Avoid open-air activities that may cause fire (i.e. welding torch).
- Respect access restrictions in forests.

Protection guidelines for forest fires:
